

Architectural Designers / Architects : 1-7 years experience

Grand Rapids or Kalamazoo, Michigan

Intersect Studio is seeking thoughtful, technically inspired, passionate Architectural Designer or Architect to join our growing team. This role is ideal for someone who loves design and technical detailing, enjoys collaborating with others, and believes that environments have the power to shape how people feel, connect and live.

Who we are:

Intersect Studio exists to amplify human experiences through meaningful process and design. We are a multidisciplinary design studio working across interior design, architecture and experiential branding to create places where people feel happy, healthy and connected.

Our work spans workplace, hospitality, retail, financial institutions, multifamily, higher education and community environments. While the project types vary, our purpose remains the same. We design environments that help people and organizations thrive.

Our studio culture is highly collaborative and rooted in curiosity, encouragement and creative exploration. We believe the best ideas come from teams that support one another, challenge each other and celebrate great work together. At Intersect, design is not just about creating beautiful spaces. It is about understanding people, telling meaningful stories and creating experiences that matter.

Our Core Values: The way we work together matters as much as the work itself.

Our team lives these values every day: Optimistic Attitude - Remarkable Hospitality - Compassionate Confidence - Edgy Dreaming - Stronger Together

Your Role:

As an **Architectural Designer or Architect at Intersect Studio** you will contribute to a variety of project types and sizes, through all phases of Design, from concept development to implementation. You will be working collaboratively with our team of Project Managers, Architects, Designers within the studio on client projects as well as internal projects to contribute to the growth & advancement of the organization.

- Develop 3D models, visualizations and presentation materials that communicate design intent.
- Production of project deliverables & documentation while maintaining project schedule.
- Learning, utilizing & implementing the Intersect design process within all phases of design.
- Work closely with designers, experiential designers, fellow architects, vendors and constructors.
- Share knowledge and experiences with the team and help others with architectural detailing
- Help to develop standards and drive efficiency into firm practices and procedures.
- Research, follow & share industry changes, evolutions and best practices.
- Support the continued growth and culture of the studio through collaboration and positive team engagement.

What will make you successful: Required Skills / Abilities / Qualifications

- Advanced degree in Architecture or Design preferred, with a rigorous design education
- 1-7 years professional commercial architectural design experience preferably with a focus on workplace/hospitality design/higher-education/multifamily with experience including interior architecture and exterior detailing
- Experience in architectural documentation & organization
- Strong verbal and written communication and collaboration skills
- Graphics and visualization skills to effectively communicate design ideas
- Proficiency with architectural design software such as SketchUp, ArchiCAD or Revit and visualization tools including Adobe Creative Suite or similar programs.
- Knowledge and application of Building Codes
- A strong design sensibility which leads to the enhancement of design through technical innovation and processes
- Technical skills and experience in Construction Document Preparation
- Applicable knowledge of industry standards & resources
- Collaborative, team-conscious, and detail oriented
- Proactive, Positive, can-do attitude, committed to growth & learning.

What you can expect at Intersect:

A supportive, collaborative and creative studio culture.

Meaningful project opportunities across multiple industries.

Mentorship and opportunities to grow as a designer.

Professional development support including licensure and continuing education.

A team that genuinely enjoys working together and celebrating great work.

Competitive compensation based on experience & skills

Benefits include: PTO and holidays, health, dental and life insurance, 401k with company match, childcare benefit, professional license support and additional studio perks.
